Share your watermarked PDF files with Facebook, LinkedIn or with E-Mail Star PDF Watermark Ultimate Application Review Star PDF Watermark Ultimate looks promising. I can't really find any negatives, and there are a few minor positives. For one thing, the icons are very plain and not the most exciting. It would have been nice to have some kind of animation or something like that, perhaps an icon that spins when you highlight it. There are some other things I would have changed. When I'm clicking through the options, I'd like to have a more prominent "Next" button at the top. You also have to do a little work to get the settings right, and this is something you should not have to do. There are a lot of items and you have to click on all of them to make them work. Pages Sunday, May 12, 2013 Happy Easter! Happy Easter from me and my family! Today is a beautiful, beautiful Easter! Warm spring weather. Great weather for long walks on the beach. We started out early today and walked for 3 hours, 3.5 hours from park to home. We took a break for lunch and then had a light BBQ dinner on the beach. Then tomorrow is the big day: our Easter breakfast at my parents' house with my whole family. We've got 7-8 of us and we're hoping that no one gets a liver attack, everyone arrives in one piece. The older ones have started waking early and making the trip. We'll see how it goes. On the other side of the coin, my older brother had a "mishap" on his way home from a late night in the kitchen with his friends. He suffered from a broken leg and had to get hospitalized and now has a surgery planned. That's always a bummer, but one that can be cured. I don't know how you deal with holidays and the pain and heartache that accompanies these times. Thank you for sharing that your son has to go through this, but also that you have such great people in your life. I know exactly what you mean. I spend the whole week dreading the visit with my family this coming weekend and then the actual event gets here and I'm fine! Today is a rainy Easter, but I think it'll be good! How I wish you could say the same. I'm looking forward to the weekend, but I know all week the dread will be there. And then 1d6a3396d6
