System Requirements:

Game: Bloodborne Version: 1.0.2 To be honest I'm not sure if this is going to be one of the best games of 2016 or not, but for the moment it certainly is on the list, this is one of the craziest and possibly best games I have ever played. Everything about it is amazing and the atmosphere and music is a powerful combination. The game took me two days to complete, so if you can't find a way to beat it then I'm sure you will have an amazing time watching
